

SPECIAL MORNING ASSEMBLY REPORT

Earth day celebration- 22nd April 2025

A special morning assembly was conducted on 22nd April 2025 at DAV Public School, Gole Market, to mark Earth Day with great enthusiasm and awareness. The highlight of the assembly was a thought-provoking skit performed by the students, portraying a conversation between the Earth of the 1900s and the Earth of the 2000s. Through this creative dialogue, the students effectively showcased the drastic changes our planet has undergone over the years due to pollution, urbanization, and climate change. The Earth of the present expressed distress over deforestation, rising temperatures, and plastic waste, while the Earth of the past recalled its cleaner, greener state. The performance concluded with a powerful message and practical solutions such as planting trees, reducing plastic use, conserving water, and embracing sustainable living. The assembly left a strong impact on the audience, urging everyone to take responsibility for protecting our planet.
