

MONTH WISE CURRICULUM OF CLASS

VII (2022-23)

General Science

MONTH	CHAPTER	LEARNING OBJECTIVES	SKILLS / VALUES	ACTIVITY
April	Chapter- 1 Nutrition in living organisms- Plants	To explain how plants get their food through different modes	Observation skill Knowledge and concept building	To study the saprotrophic nutrition in bread mould
	Chapter-6 Motion and Time	1)To express the relationship between distance and time to calculate speed 2) To know ancient methods of measuring Time	Graph plotting Concept building	1) To measure the time period of a given pendulum. 2)To interpret the provided data about distance and time
May	Chapter-14 Fibre to fabric	To explain the origin of different kinds of fibre	Critical thinking Communication skills	1) Classroom discussion: 'Is it fair to rear sheep and silkmoth for their products' 2)Burn test to distinguish between natural and synthetic fibres.
	Chapter-16 Water	1) To understand the importance of water as natural resource 2) To explain the factors that causes scarcity of water	Experimental skills Analytical skills	Poster making / slogan writing related to water shortage and water conservation.

July	<p>Chapter-3 Chemical substances and processes</p> <p>Chapter- 2 Nutrition in living organisms–Animals</p> <p>PT-1- Syllabus Ch.-2,3</p>	<p>To explain how things change through chemical reactions</p> <p>To explain how animals utilise their food</p>	<p>Experimental skills Observation skills</p> <p>Experimental skills</p>	<p>Making the chemical formula --- Flash Card activity.</p> <p>1) To demonstrate conduction, convection and radiation 2) To calculate the Range and Least count of the given thermometer.</p>
August	<p>Chapter-5 Heat</p> <p>Chapter-7 Respiration in organisms</p>	<p>To know the transfer of heat from hot body to cold body in different medium</p> <p>1)To explain the necessity of oxygen in our body 2) To realize the importance of clean Air</p>	<p>Analytical thinking Compare and contrast</p> <p>Experimental skills Observation and analysis</p>	<p>1) To study the role of saliva on food 2) Making a model of the digestive system of man using homemade clay</p> <p>1)Making a working model of the human breathing system.</p>
September	<p>REVISION Half Yearly - Syllabus Lesson - 1,2,3,5,6,7,14,16</p>			

OCT	Chapter-8 Transportation in plants and animals	To understand the importance of fluids in our body	Experimental skills	1) To study the transportation in plants using coloured water.
NOV	Chapter-4 Acids, bases and salts	To know different applications of acids and bases in our daily life	Observation skills Experimental skills Compare and Contrasting skills	Hands on Activities.(turmeric painting , preparing different natural indicators).
	Chapter-15 Forests	To explain the interdependence of plants and animals in forests	Presentation of ideas	Brochure making on any national park/ forest/ wildlife sanctuary.
	Chapter- 9 Reproduction in plants	To understand the natural phenomenon of reproduction in Plants	Environmental awareness	To study the structure of a flower- Dissection of flower.
	Chapter- 11 Electric charges at rest	To explain the phenomenon of charging	Creativity and concept building Experimental skills Abstract thinking	1) To show charging by rubbing 2)Animated video about methods of charging and safety precautions during lightning
	PT 3- Syllabus Ch. 4,8,15			
December	Chapter-10 Soil	To know and appreciate the diversity of soil in India To explain importance of soil as natural resource	Observation skills Critical thinking Analysis	Prepare an edible soil profile.
	Chapter-17 Electric currents	To understand the importance of safety devices in household circuits	Manipulative skills	

January	and its effects		Research aptitude	Making an electromagnet and studying the factors on which its strength depends.
	Chapter-12 Light	To know the application of different types of mirror in our daily Life	Acquire knowledge of facts • Research aptitude	Role play- To recall the adaptive features of different animals.
	Chapter-13 Weather, Climate and Adaptations	1)To analyse weather report 2)To know the causes behind every change.	Experimental skills • Observation skills	To show the phenomenon of reflection of light using a laser light.

February	Revision + Annual Exam
	Syllabus Lesson - 2,4, 8, 9, 10, 11,12,13,17,1,3,5,7

ENGLISH

Month	Chapter	Learning Objectives Learner will be able to :	Life Skills / Values	Activities / Assignment
Apr	English Book (Articles) Practice Unit1	<ul style="list-style-type: none"> Will learn the correct usage of articles with different nouns and pronouns. 	Learn appropriate use of language	
	Literature Chapter – 1(Monkey Trouble)	<ul style="list-style-type: none"> Learn about mischief of a troublesome monkey Use Dictionary effectively Critically Appreciate Different characters in story 	Have empathy and compassion towards animals	Discussion on the stories of Ruskin Bond

जनवरी	अभ्यास सागर- पाठ-२०- कारक, विराम चिन्ह, अनुप्रास अलंकार संधि अनुच्छेद लेखन		भाषिक क्षमता का विकास	
फरवरी नोट -	पुनरावृत्ति कार्य वार्षिक परीक्षा	पाठ -२,६,९,११,१२,१३,१५ ,१६,१७,१८,१९ व,२० मे से ली जाएगी		

MATHS

FIRST TERM			
MONTH	CHAPTER	SKILLS/VALUES	ACTIVITY
April	Chapter-1 Rational Numbers	Logical Skills	Rational No.on number line(foldable on different types of numbers.)
	Chapter-2 Operations on Rational Numbers	Thinking and calculative skills	Magic square of multiplication of decimal numbers.
May	Chapter 2 cont. Chapter-3 Rational Numbers as Decimals	Reasoning and calculative skills	
July	Chapter 3 cont. Chapter-4 Exponents and Powers	calculative and creative skills	

Periodic Test 1	30.07.22 to 06.08.22		Game-To know squares and cubes and foldables on squares and cubes of numbers
Syllabus	Chapter 1,2,3,4		
August	Chapter-8 Triangle and its properties Chapter-12 Data Handling Chapter-13 Symmetry	Creative thinking and Reasoning skills	Symmetry- Make ink-dot designs, Paper-cut designs Congruent Find out range,mean,mode and median of the total heights and weights of the class vii students.(Group Activity)
September Syllabus for periodic test-2	Ch-1,2,3,4,8,12,13 14-9-22 to 28-9-22		
SECOND TERM			
September	Periodic Test-2		
October	Chapter 5- Application on percentage Chapter-6 Algebraic Expressions	Calculative and logical skills	Create a design on box sheet and calculate the percentage of different colours used. In it. percentage of marks obtained in periodic tests/term 1
November Syllabus	Chapter-9 Congruent Triangles Chapter-10 Construction of Triangles Periodic Test-3 ch-5,6,10	Reasoning and construction skills	Congruent Triangles- Super position method Create a design using triangles.

December	Chapter-11 Perimeter & Area Chapter-14 Visualising solids	Logical and spatial skills	Perimeter and area to verify area of circle = Cube making with NETS ii) To find Area of Parallelogram iii) To find the area of different shapes—crossword
January	Revision for Annual Exam		
Syllabus for Annual Exam	Chapters-1,2,3,4,5,6,7,8,9,10,11,12 (except chapter-13,14)		

SOCIAL- SCIENCE CURRICULUM

Month	Chapter	Objective	Skill	Activity-formative assessment
April	Ch-1 Components of environment (Geography) (activity)	To make them aware about their environment & need to protect it	Thinking Skills	
	Ch-3 The surface and interior of the Earth	To enable them to know the formation of various types of rocks Life on land goal would be achieved under sustainable development goals dia.	Scientific Skills	Draw and colour the layers of the interior part. Draw and explain rock cycles.
	Ch- 11 The rise of kingdom in North India	To apprise the children with the developments that took place		Concept map

		in southern India		
	Medieval Period	To acquaint the children with the sources of information of the medieval period.	Memory skills	Flow chart

MAY				
			Skills	
	Ch-12 Turkish Invasion (history)	To make them aware of the reason of the foreign invasion in	Analytical Thinking	Assignments: A. Map work B. Mark 5 places attacked by Mahmud Ghazni
	Ch – 4 Air around us (Geography)	To make them aware of different layers of atmosphere and their relevance Climate action goal would be achieved under sustainable development goals	Scientific Skills	Draw different layers of atmosphere

July	Ch- 11 The rise of small kingdoms in south India	To apprise the children with the developments that took place in southern India	Memory skills	Concept map
	Ch- 13 The Delhi Sultanate (History)	To compare their system with earlier rulers To make them aware of the various Muslim rulers, their policies and changes	Analytical Skills	Map work and time line chart

Syllabus		taking place in India.		
	Periodic Test-1 ch-4,12,13			

August				
	Ch -6 Life on the earth (Geography)	To make them aware of features of different types of landforms of world Life below water , life on land goals would be achieved under sustainable development goals	Analytical Skills	Mark different types of forest on a world map.
	Ch- 19 Our State Government (Civics)	To make students aware about the political structure in their States. No poverty, zero hunger, clean water & sanitation, decent work economic growth goals would be achieved under sustainable development goals	Thinking Skills	Collect the Information about your state.--Role play
	Ch – 5 Water surrounding the earth (Geography)	To make them able to identify the various movements of ocean water. Life below	Scientific Skills	Project work

		water and clean water & sanitation goal would be achieved under sustainable development goals		
	Media-The Mainstay of Democracy	To educate children about the role of the media in a democratic country .	Logical thinking	Write a paragraph on how the media affects our lives.

September Half Yearly exam				
	Revision of Half Yearly syllabus Ch-1,3,4,5,6,9, 10,11,12,13,18, 19,20			

October				
	Ch-7 Human Environment (Geography)	To understand the factors that encourages settlements at different places. Sustainable cities and communities and life on land goals would be achieved under sustainable development goals	Analytical & Thinking skills	Map skill
