Summer Vacation Homework

Class -II Session -2023-24

Theme : Seasons

Life does not get better by "chance", Similarly nature becomes better by change in season and brings the best beauty in each season. Just like change in season we observe change in our life and each change brings something good....

In spring, the weather begins to get warmer and trees and other plants grow new leaves. Summer is the hottest season and has long, usually sunny, days. In the fall, the weather becomes mild and leaves start falling from many types of trees. Winter is the coldest season, with short days. Enjoy each seasonand learn something new
