

## CLASS - VI (2023-24)

- 1) Learn the three forms of verbs given in the practice book
- 2) Draw and paste pictures explaining the following as per roll nos. allotted on A-3 size sheet:  
Kinds of sentences - (1-11)  
Pronouns - (12-22)  
Adverbs - (23-33)  
Adjectives - (34-44)
- 3) Find and write the participating northern states of G-20 summit 2023. Also find the famous authors from these states and paste their pictures

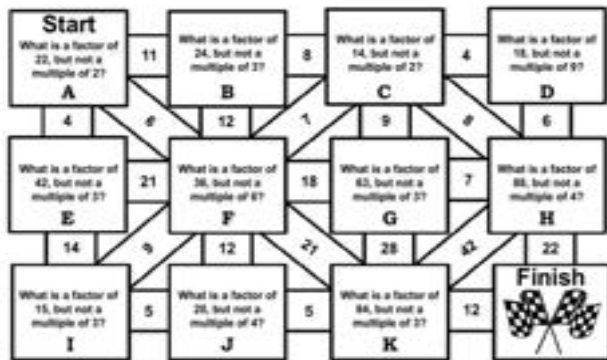

- 1) India is the host country of G20 in 2023. The Roman numeral for 2023 is MMXXIII. Now find out the names of the host member countries till the date and their year. Write their hosting years in Roman numerals. (Hint 2008 to 2023)

### 2) CREATE YOUR OWN LOGO

We are surrounded by several Logos that are made up of geometrical shapes. For your reference, some logos are given below like Mitsubishi Motors which is made up of 3 rhombus; Microsoft which is made up of 4 squares. Similarly, find at least two

logos of any company/brand which are made up of geometrical shapes. Create an

attractive and relevant logo for your dream gadget using mathematical shapes.(Cut outs of geometrical shapes can be used). Also, write a few lines about it on an A4 size sheet.

**3) FACTOR – MULTIPLE MAZE**

**DIRECTION:**

Begin from **START**. Find the factors of the number in the box and follow your choice to the next box. Connect through the boxes until you reach the **FINISH** box. Coloured pencils / crayons can be used to shade the correct path and print out/ drawing of the same needs to be pasted in math notebook.

**SOCIAL STUDIES**

- 1) Draw the logos adopted by different countries who had held the G20 presidency since its inception. Prepare one line on the logo of any one country apart from India
- 2) Make any one weapon / jewellery of an early man
- 3) Make a comic strip on the life of the Magadha ruler, Bimbisara
- 4) Do research on your favourite planet and collect information about it. Write on an A4 size sheet with illustrations.

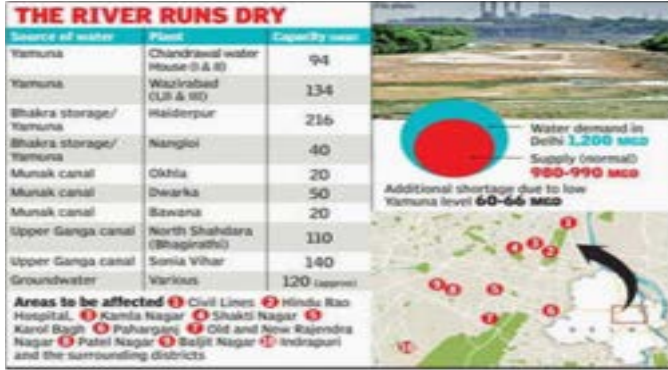

**Theme: G20 summit**

Prepare a 5 page project on A4 size white/ coloured sheets and submit mentioning name, class and roll number on the page

- 1) Write about the five most produced agricultural items in China, Japan and Korea. Paste pictures related to

them.(Example: corn is the most producing food commodity in china followed by rice and fresh vegetables)

2) Make a model on cardboard showing the arrangement of particles in three states of matter(solid, liquid, gas) using thermocol balls. Example of one such model as shown in the picture

3) Once summer sets in, most Indians face water shortage. Underground water and water in wells dry up due to heat. Collect information about the water situation in India from the newspaper. Paste the cuttings on a A4 size sheet. What can you contribute as a student to conserve water? (write at least 5 ways).

कक्षा-षष्ठी ग्रीष्मावकाशकार्य

- 1) पाठ पुस्तक से कोई दो श्लोक अन्वय सहित याद कर लिखिए।
- 2) संस्कृत भाषा की विशेषताएँ विषय पर हिन्दी में गद्यांश लिखिए।
