

REPORT: EXPLORING MARS
SPECIAL ASSEMBLY
CLASS V A

7/02/2025

A school assembly was held where Class 5A students shared interesting facts about Mars. They took turns explaining its unique features, helping everyone learn more about the Red Planet.

Their understanding of the topic was showcased through creative displays and clear explanations. Maximum student participation made the presentation both informative and engaging.

This assembly not only deepened the students' knowledge of Mars but also encouraged teamwork, creativity, and public speaking, leaving a lasting impact on the students.
