

TEACHER'S DAY

*The influence of Teachers extend beyond the classroom,
well in the future.*

Children of our school celebrated Teacher's Day with great zeal. A special assembly was conducted on September 5, 2022 to explain the importance of teachers and how they are the builders of the nation. A beautiful dance performance, skit of role play of teachers, poem on teachers and a teacher dedicated speech were a part of the assembly. Children also made cards for their favorite teachers.
