

Cleanliness Drive was organised by DAV Public School, Gole market to make the children sensitive towards the environment. The main purpose of this programme was to create awareness among the students regarding cleanliness & its benefits. All the students from classes v and vi participated in this Drive. They collected all the trash from the park which is situated in front of the school and threw it into the dustbins installed there in the park. The students put up the banners on cleanliness in the park to create awareness and spread the message “keep your surroundings clean ,make the Earth green.”
