

## Lohri

The vibrant harvest festivals of Lohri and Makar Sankranti were celebrated online with great joy and enthusiasm. Students attended the virtual celebration dressed in colourful traditional Punjabi attire. They enjoyed sharing their experiences of festive delicacies prepared with sesame seeds (til) and jaggery, and enthusiastically danced to lively Bhangra beats. To mark the occasion, students participated in creative craft activities and made colourful paper kites, adding excitement and festive spirit to the celebration. The event helped them appreciate India's rich cultural heritage and traditions.
