

Report on Special Assembly on the theme "Nurture Nature For a Better Future "
Date : 6.7.26 to 10.7.26

Special Assembly on the theme " Nurture Nature for a Better Future" was conducted by the students of Class III with great enthusiasm and creativity. The students beautifully highlighted the importance of protecting nature through a meaningful presentation , how careless human activities harm the environment and how small actions like planting trees, saving water, reducing plastic use, and caring for birds and animals can help build a greener future. The second day's presentation was enriched with thought-provoking speeches that spread the message of environmental responsibility. On the third day students confidently conveyed that the Earth, trees, rivers, birds, animals, air, and sunlight are precious gifts of nature that must be nurtured and protected. They encouraged everyone to adopt eco-friendly habits and become responsible citizens for a sustainable future. The assembly concluded with a motivating message that every small step taken today towards conserving nature will lead to a healthier and happier tomorrow.
