

**DAV PUBLIC SCHOOL, GOLE MARKET**  
**SUMMER HOLIDAY HOMEWORK**

**Class: VI**

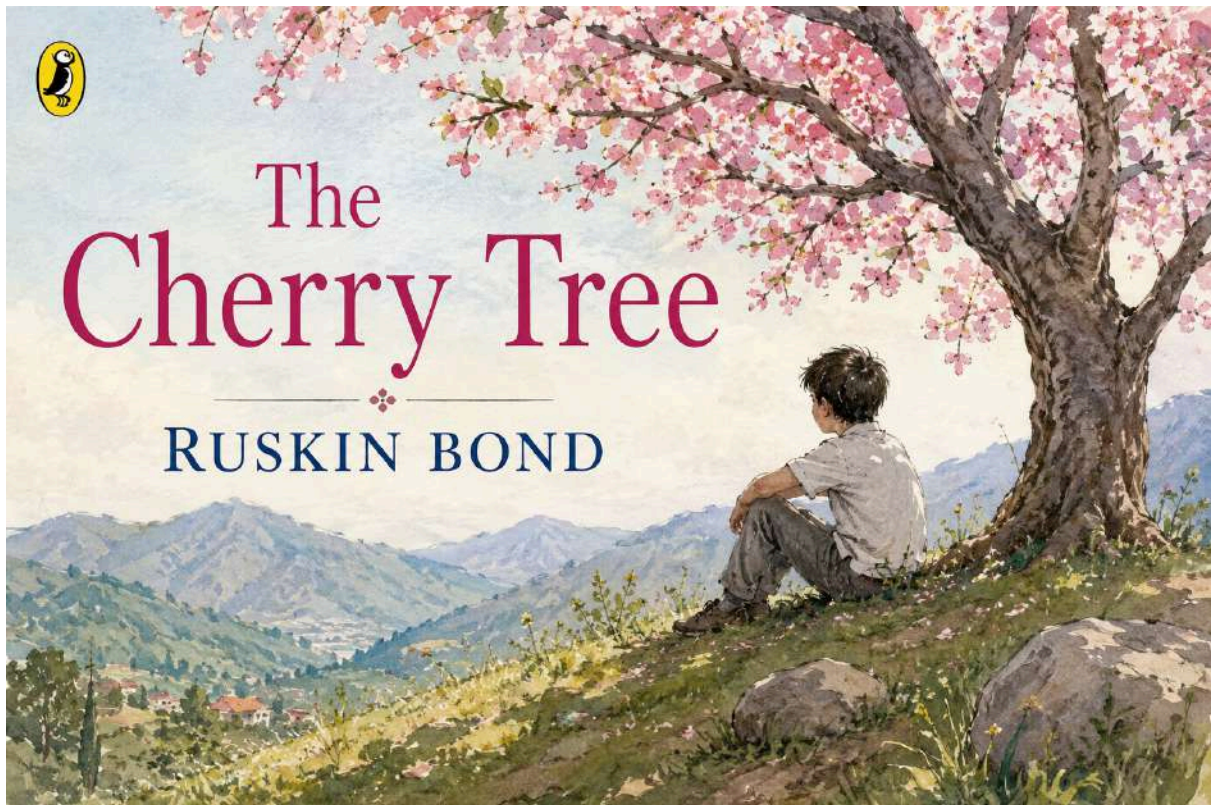

**Session: 2026-2027**

Hello! Summer vacations are here, Class 6. The theme for your summer vacation holiday homework is: **Nature & Nurture: The New Necessity.** Encouraging sustainable living, mindful choices, and emotional well-being for a healthier planet and a happier self.

**ENGLISH**

TASK 1: Good Reader Bonus

Book: The Cherry Tree (Ruskin Bond)

**Activity: “A Letter to Nature”**

Task: Write a heartfelt letter from the perspective of the cherry tree to Rakesh, describing its journey from a seed to a strong tree.

**Key Points to Cover:**

- Challenges faced while surviving pests, weather, and goats
- Feelings through changing seasons — autumn, winter, and spring
- The importance of patience and Rakesh’s constant care
- A short message encouraging children to protect and love nature

Word Limit: 150–200 words

**TASK 2- THANK YOU NOTE**

## Topic: "A Heart Full of Gratitude"

Task: Write a heartfelt Thank You Note to God on an A3 sheet expressing gratitude for family, friends, health, education, and life's simple joys.

### Format:

1. Title (Creative heading)
2. Greetings (Dear God...)
3. Body (What you are thankful for)
4. Closing (A short prayer or thought)
5. Sign-off (Name, Class, Section)

### Presentation:

Write neatly in your own words.

Decorate with colorful borders, doodles, or nature illustrations.

✨ Keep it simple and genuine—straight from the heart!

## TASK 3: POEM COMPOSITION

### Theme: Nature – The Best Nurturer

Nature heals, protects, and nurtures us in many ways. Write an original poem on the given theme and express your love for Mother Nature creatively.

### Steps:

1. Write the theme in the centre of the page.
2. Add related nature words around it.
3. Find rhyming words.
4. Create couplets and combine them into a poem.

### Include Poetic Devices like:-

Personification

Alliteration

Imagery

**Presentation:**

Write neatly and creatively.

Add suitable drawings or borders.

Maintain originality and poetic flow.

✨ Let your words bloom like nature itself.

**Social Science**

2) Design a quiz or a game to actively engage users in exploring and understanding the solar system.

3) Create an inscription on a clay tablet.

4) Make any one 3' Dimensional tool of an early man and mention for

Which activity was it used?

Or

Create a piece of jewellery inspired by the Early Man period.

5) Choose any two Mahajanapadas and prepare a fact file including

a) Capital b) famous ruler c) economic activities

d) important features e) present day location

Suggested examples: Magadha, Kosala, Avanti, Vatsa (should be picture based)

### **Subject: Hindi**

1. दो छात्रों के मध्य "गर्मियों की छुट्टियों में प्रकृति के करीब समय बिताने और मोबाइल से दूर रहने" पर संवाद लिखें।

2. प्रकृति हमारा पालन-पोषण कैसे करती है और हमें मानसिक रूप से कैसे खुश रखती है?" विषय पर एक सुंदर अनुच्छेद लिखें।

परियोजना कार्य- बरसते जल के अनेक रूपों का चित्रात्मक वर्णन कीजिए।

सभी कार्य A 4 पत्रिका में करें।

### **Subject: Sanskrit**

ग्रीष्मकालीन अवकाश कार्य ( 2026 - 2027 )

विषय - संस्कृत

कक्षा - षष्ठी

1.निम्नलिखित धातुरूपो को अपनी कार्यपत्रिका मे संस्कृत मे लिखे ( तीनो लकारो मे )

”भू, नम, क्रीड, गम, धाव” ।

Make a paper plate showing: Fruits.

Vegetables

Proteins

Grains

Dairy products

Label all food groups.

Explain:

Why a balanced diet is important for physical and emotional health.

### Q3 Air Purifier Plant Research

Find out about any 3 air-purifying plants.

Write:

Plant name

Benefits

Care needed

Examples: Snake plant, Aloe vera, Money plant.

**Subject: Maths**

## Activity 1

### Project Work: Sustainable City Using Geometrical Shapes

Imagine you are living in a Sustainable City where people use cloth bags instead of plastic, homes have solar panels, trees are planted everywhere, and water is used wisely without wastage.

Design and create a Poster or collage of a Sustainable City using different geometrical shapes such as circles, squares, rectangles, triangles, cubes, cuboids, cylinders, and cones.

Your city may include:

- Houses with solar panels
- Rainwater harvesting systems
- Parks and green belts
- Recycling bins
- Cloth bag awareness boards

**Activity 2**

Complete the worksheet.
