

## Report on SDG 12 - Responsible consumption and production

Topic: Buy Smart, Waste Less and Save More

Class: 6

Date: 21-07-2025

To raise awareness about Sustainable Development Goal 12 – Responsible Consumption and Production, the students performed a thought-provoking skit on the theme “Buy Smart, Waste Less and Save More”. The skit showcased a contrast between two shoppers: the first shopper was impulsive and bought items unnecessarily, contributing to waste.

The second shopper made thoughtful, planned purchases, avoided plastic packaging, chose reusable items, and focused on sustainability and savings.

Students effectively highlighted the importance of being mindful consumers. The audience learned how smart choices not only save money but also reduce environmental impact.
